# 4D<sup>TM</sup> CITYSCAPE TIME PUZZLE

## ASSEMBLE & DISCOVER!

Best Seller!

Award Winning Design!

4D Cityscape's award winning puzzles allow you to build world famous cities alongside the fourth dimension of time. You first build a historical puzzle map that teaches you how the city used to appear. Next you build (on top) a modern day jigsaw map that teaches you how the city evolved. Lastly (in the third layer), you use 4D Time Poster to identify and place each building replica into the map according to time. This process is assembled in a time sequence according to the year each building was built.

- ✓ Learn how a city develops and evolves
- ✓ Explore historic buildings and architectural styles
- ✓ Get to know the geography of an area
- ✓ Discover the defining moments in history
- ✓ Perfect for group play
- ✓ Makes a great souvenir & gift
